Sir:

A response to the Decision mailed on March 26, 2008, was filed April 24, 2008. In the response the undersigned attached a paper copy of the sequence listing and the computer readable copy of the sequence listing (in ASCII text) submitted in accordance with 37 C.F.R. §§ 1.821-1.825. Subsequently, a Status Inquiry was filed on October 24, 2008, to obtain the status of the application. In reviewing PAIR, it was discovered that the sequence listing submitted had been reviewed and was found once again to be defective by the reviewer, but a notice indicating that our computer readable form (CRF) was defective was never mailed to us even after another Status Inquiry was filed on February 11, 2009.

Therefore, the undersigned hereby states that the content of the attached paper copy of the sequence listing and the computer readable copy of the sequence listing (in ASCII text) submitted in

accordance with 37 C.F.R. §§ 1.821-1.825, are identical. The submission includes no new matter. Accordingly, the abandoned status of this application should be promptly removed.

We are also attaching a copy of the sequence reviewer's report and a listing of the entries on Image File Wrapper taken from PAIR.

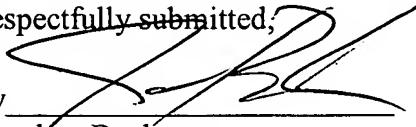

Applicants request consideration and entry of the Sequence Listing paper copy and computer readable copy. Pursuant to 37 C.F.R. 1.77, please enter the paper copy of the Sequence Listing after the Abstract.

In the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket no.
